

# Frontier Areas and Percent of Non-White Population 2010

Revised: June 25, 2012

Notes: Instead of Counties, California uses Medical Service Study Areas, Hawaii uses sub-county areas, and Arizona uses RUCAs; state offices of rural health designated frontier areas in 2012 using US Census data from 2010; scale bar is correct for all 50 states; US Non-White proportion was 27.6% in 2010
